

PC Software Academic Prices

For worldwide installation

Effective January 1, 2008

E-mail us for details on “Lab Fee” pricing for Masters / PhD Student Projects.

Simulation Software

SLX Professional

\$750

Our top-of-the line extensible modeling platform that you can tailor to meet the needs of high-end, unique simulation applications. Very powerful and unbelievably fast.

GPSS/H Professional

500

An industry workhorse since 1977. Extremely fast execution; unlimited model size

Personal GPSS/H

350

Includes the same features as GPSS/H Professional, but is limited to small-to-medium-sized models.

Animation Software

Proof 3D

\$750

New for 2008, Proof 3D is our top-of-the line animation software. Proof 3D can be used to visualize simulations developed with a wide variety of simulation tools, including tools from other vendors. Proof 3D provides smooth, realistic motion of large numbers of objects. In both post-processed and concurrent modes.

Proof 5

450

New for 2008, Proof 5 is the successor to our popular P4 2D animation software. Proof 5 provides a lower-cost alternative to Proof 3D

Ordering & Licensing

Network licenses for Student GPSS/H and Student SLX are available if you acquire the full versions of GPSS/H or SLX shown above. Site licenses are unavailable.

We ship on receipt of a valid university/college purchase order and an Academic Pricing Letter of Understanding completed by a professor. Please see separate instructions for information about international orders and payment.

Although we try to be as helpful as possible in handling academic questions and support issues, our low academic prices include no *obligation* to perform maintenance and support. Updates are posted on www.wolverinesoftware.com.

Shipping

Prices include UPS Ground shipping to U.S. addresses and air parcel post to Canada. Overnight or 2nd-Day shipping to U.S. destinations and all shipping to other countries are billed at UPS cost.
